MCAS Acceleration Academy Program Coordinator  
Blue Hills Regional Technical School  
800 Randolph Street  
Canton, MA 02021

December 16, 2021

Dear Parent or Guardian:

**Blue Hills Regional is offering free after-school help for the Spring MCAS.**

The class of 2025 is required to pass English, math and biology MCAS for high school graduation. Based on previous scores and or teacher recommendations, your child has been recommended to participate in this free program.

This after school program will target much needed areas of English, math and biology depending on your child's need in a small group setting in preparation for the MCAS testing this spring. Each MCAS subject area will run for about six weeks on Tuesdays and Thursdays beginning in January with free bus transportation at 3:10 pm.

It is highly recommended that students take full advantage of this free program. If you are interested in having your child receive these free services, please:

- Email me. Be sure to include your child's first and last name in the email.
- Or your child can drop off this form, or a brief note indicating interest to room E265 as soon as possible.

Sincerely,

Eileen Dailey & Trish Murphy  
MCAS Acceleration Academy Program Coordinators
